3. No insurance coverage is in effect under this Contract until a Policy has been issued by the Program Administrator on behalf of the Insurer and is otherwise in effect in accordance with the remaining provisions of this Contract.

4. A Policy is not continuous and applies only for the term of the Insurable Period.

5. Notwithstanding anything else in this Contract, the Program Administrator on behalf of the Insurer is not obligated at any time to issue a Policy.

C. Description of Insurance Coverage

1. Price Insurance Policy: The maximum dollar coverage provided under a Price Insurance Policy is an amount equal to the product of the Insured Weight and the Insured Price Index (or Insured Price) as specified in the Insuring Agreement.

2. The Insured Weight:

(i) The Insured Weight for a Policy and the sum of Insured Weights for all outstanding Policies shall not exceed the weight that, in the opinion of the Insurer, could reasonably be expected given the number and age of Eligible Livestock owned by the Insured.

(ii) If, in the Insurer's opinion, the Insured Weight exceeds the weight that could reasonably be expected, the Policy or Policies, as the case may be, shall be void and the Insurer shall have the right to retain any Premiums paid by the Insured.

(iii) The estimated Insured Weight of Eligible Livestock to be covered under a Policy shall include consideration of normal death loss using industry standards.

3. If an Insured experiences death rates on Eligible Livestock that are more than industry standards:

(i) If the deaths are, as determined by the Insurer, due to circumstances beyond the control of the Insured:

1. The Premiums on the Insured Weight associated with the dead livestock shall be retained by the Insurer, and

2. The Insured may be eligible for Indemnities on the associated Insured Weight under the Policy in effect.

(ii) If the deaths are, as determined by the Insurer, due to circumstances that are not beyond the control of the Insured:

1. The Insurer may retain the Premium, and

2. The Insurer may declare void any Policies in effect or require that the Insured repay any Indemnities paid in respect of the said livestock.

4. In the event of death loss among Insured Livestock, the Insured must keep proper records of the death loss for purposes of verifying the Insured Weight.

D. Purchasing a Policy

1. The Program Administrator will provide a Premium Schedule for the different options available under Policies for the Insurable Periods offered. The Program Administrator reserves the right to change Premium Schedules at any time, whether to correct a manifest error or otherwise.

2. The Insured may purchase a Policy during Business Hours by completing and submitting a request to purchase in a format provided by the Program Administrator on behalf of the Insurer.

3. A Policy comes into effect when

- (i) the Insured has notified the Program Administrator of Policy option, Insurable Period, Insured Weight, and Insured Price Index, as the case may be, and the issuance of such Policy has been approved by the Insurer; and
- (ii) the Insurer or the Program Administrator, as the case may be, has received confirmation of payment of the total Premium due as consideration for the coverage requested, or the Insured makes a commitment to pay the Premium.

E. Eligibility

1. To be eligible for insurance, the Insured must file a federal income tax return declaring farm income (or loss) for tax purposes in Manitoba, and be the Owner of the Eligible Livestock, and if an individual, be of the full age of majority. Producers who were not previously required to file a federal income tax return declaring farm income (or loss) for tax purposes in Manitoba may complete an Application provided they file such a return for the year in which they purchase a Policy or Policies.

2. If an Insured produces Eligible Livestock in more than one province in Western Canada, the Insured can only purchase a Policy or Policies under this Contract if Manitoba is the Province for which the greatest amount of income would be reportable under the Income Tax Act (Canada) for Eligible Livestock.

3. Status Indians who carry on the business of farming on a reserve in Manitoba, and do not file federal income tax returns, are eligible to complete an Application provided that they otherwise meet the

eligibility requirements for the Program.

4. An Insured who participates in a shared ownership arrangement of Eligible Livestock is, for the purposes of this Contract, the Owner of such Eligible Livestock. Ownership of shared livestock is determined based on the proportion of the Owner's share in the total Eligible Livestock.

5. An Insured who is a member of a feeder association or a feeder cooperative, and who feeds the Eligible Livestock pursuant to an arrangement between the Insured and the feeder association or feeder cooperative is, for the purposes of this Contract, the Owner of such Eligible Livestock.

6. A feeder association, feeder cooperative, financial institution or private lender having only a security interest in the Eligible Livestock is not, for the purposes of this Contract, the Owner of such Eligible Livestock.

F. Limitation of Offering

1. The Program Administrator will make all efforts that they consider reasonable to make a Premium Schedule available during Business Hours.

2. The Program Administrator or Insurer may, in its sole discretion and at any time, suspend the sale of new Policies if:

- (i) the total dollar value covered under all Policies sold to all Insureds in a particular day or in the aggregate exceeds a pre-determined maximum amount as determined by the Insurer,

- (ii) the total Insured Weight covered under all Policies sold to any one Insured either in the aggregate, or on a particular day exceeds a pre-determined maximum amount as determined by the Insurer,

- (iii) one or more of the associated market indicators has experienced excessive price movement and appropriate Premium levels cannot be determined,

- (iv) for any other reason, where the Program Administrator, the Insurer, or Canada believe that the program may be exposed to unacceptable risk.

3. A suspension of sales of new Policies will have no effect on existing Policies purchased on the same day or on any other day when such suspension is not in effect.

G. Verification

1. Upon the Insurer's request, the Insured shall provide evidence satisfactory to the Insurer that the Insured has met the terms and conditions of this Contract.

2. The Insurer has the right to perform on-site inspections and access any information it deems necessary to verify the ownership, weight or disposition of any Insured Livestock. If the Insured refuses to grant access to the Insurer for such purpose, the Insurer may deny payment of any Indemnity under the Policy and require that the Insured repay any Indemnities paid to the Insured under this Contract.

3. The Insured shall, for a period of three years after the Expiration Date of any Policy, maintain and keep complete records of the ownership of the Insured's share and the disposition of all the livestock that were insured under that Policy and, upon the Insurer's request, produce such records to the Insurer within 15 days of such request. If the Insured fails to maintain and keep such records or produce them upon request, the Insurer shall be entitled, at its sole discretion, to deny payment of any Indemnity under the Policy and may require the Insured to repay any Indemnities paid under this Contract.

H. Payments of Premiums and Interest

1. The Program Administrator will calculate and determine Premium and any surcharges, discounts and administrative fees as may be applicable. The Premium, any surcharges, administration fees, and all other charges billed are due and payable on the date of purchase of the relevant Policy under this Contract.

2. The Insured shall pay interest on unpaid premium, surcharges, administration fees and other charges. Interest begins to accrue on the 16th day following the date of purchase of the Policy and shall continue until the total amount outstanding is paid. The interest rate payable on unpaid amounts is the aggregate of two percent (2%) per year and the Canadian Imperial Bank of Commerce prime rate and will be adjusted quarterly on the last day of March, June, September and December, but compounded monthly.

3. If any outstanding amount is not paid on or before the 30th day following the Expiration Date of the relevant Policy, then the Insured shall be deemed to be in "Payment Default" under this Contract and no new Policies may be purchased by the Insured under this Contract until such time that all such amounts (together with interest as specified above) have been paid in full to the Program Administrator on behalf of the Insurer or to the Insurer itself.

4. If the Insured is in "Payment Default", and prior to the receipt by the Program Administrator or the Insurer of all amounts to which they are entitled under this Contract, the Insured receives any indemnity under a Policy, then the Insured shall be

deemed to be ineligible or not entitled to such indemnity. In that event, the Insured shall repay the amount of any such indemnity together with interest thereon until repaid. Interest begins to accrue on the date on which the Program Administrator first notifies the Insured in writing of the obligation to repay and will be payable at a rate which is equal to the aggregate of two percent (2%) per year and the Canadian Imperial Bank of Commerce prime rate as that rate is adjusted quarterly on the last day of March, June, September and December, but compounded monthly.

I. Payment of Indemnity

1. The Program Administrator will process and pay all valid Claims in a commercially reasonable and timely manner, but under no circumstances shall the Program Administrator be liable to the Insured or the Insured's agents or creditors for any interest, loss of interest or damage resulting from delays or failure to pay an Indemnity. The Program Administrator neither represents nor warrants to the Insured that an Indemnity or any other payment will be made in a timely manner.

2. If the Insurer disputes the Insured's Claim, the Insurer may withhold all Indemnity payments and may elect not to refund any Premiums determined to be owed by the Insured until the dispute is resolved.

J. Assignment of Indemnity

1. The Insured may assign the right to an Indemnity, provided:

- (i) the assignment is in a form approved by the Insurer,
- (ii) the Insurer has received a copy of the assignment; and
- (iii) the assignment has been accepted in writing by the Insurer.

K. Deductions from Indemnity

1. The Insurer is entitled to deduct from an Indemnity any amount that is due and payable by the Insured including, but not limited to:

- (i) unpaid Premiums, surcharges, administration fees and other charges (including interest on overdue amounts) or other amounts due from the Insured to the Insurer hereunder, or other outstanding amounts due by the Insured for other programs administered or offered by the Insurer under the Act or otherwise,
- (ii) money that was paid to the Insured to which the Insured was not entitled, and
- (iii) arrears outstanding on a loan made by the Insurer to the Insured.

2. The Insurer may be required by legal process to deduct amounts from an Indemnity otherwise payable.

L. Appeals

1. Whenever a Claim is made, the Program Administrator shall provide the Insured with a notice of the Settlement. If the Insured and the Insurer cannot agree as to any matter addressed in the Settlement which may, by virtue of the Act, be appealed to the Appeal Tribunal under that Act, the Insured must, within seven days of receipt of notice of the relevant Settlement from the Program Administrator on behalf of the Insurer, appeal by written notice of appeal to the Appeal Tribunal, and shall deliver a copy of the appeal to the Insurer. If the Insured fails to so appeal within the prescribed seven-day period, the Settlement shall be final and binding upon the Insured and no appeal is available to the Appeal Tribunal.
2. The decision of the Appeal Tribunal shall be final and binding on both the Insured and the Insurer and shall not be subject to appeal or review by a court.
3. At the time of filing an appeal, the Insured shall deposit with the Appeal Tribunal such fee as is required from time to time pursuant to the Act as security for the costs of the appeal.
4. The Program Administrator is subject to third-party confidentiality requirements with respect to the data used in the calculation of Settlement Indexes and Settlement Prices and, as a result, is precluded from disclosing any such data. Accordingly, the calculation and the amount of any Settlement Index or Settlement Price is not subject to any appeal by an Insured under this Section L (Appeals).

M. Misrepresentation or Misconduct

1. If the Insurer, in its absolute discretion, determines that the Insured, or the Insured's agent, has made any false or misleading statement to the Insurer or the Program Administrator, or has failed to disclose any fact required to be stated in the Application or other documentation provided to the Insurer, the Insured will not be entitled to any Indemnity pursuant to any Policy.
2. If the Insured has, in the absolute opinion of the Insurer, made any false or misleading statement to the Insurer or the Program Administrator, or has failed to disclose any fact required to be stated in the Application or other documentation provided to the Insurer, and the Insured has already received an Indemnity associated with that false or misleading statement, the Insurer may require that the Insured repay all such Indemnities.

3. If any loss claimed by the Insured results from any false or misleading statement to the Insurer or the Program Administrator, or the failure to disclose any fact required to be stated in the Application or other documentation provided to the Insurer, the Insurer may, in its absolute discretion, elect not to refund to the Insured any portion of the Premium.

N. Notices and Payments

1. Except as stated otherwise in this Contract, any notice, except a Claim made under this Contract by either party to the other party and any payment by the Insurer to the Insured, shall be personally delivered, sent by mail or sent by facsimile or other electronic means of communication (including e-mail) as follows:

5. A notice sent or received by the Program Administrator, the Insurer or the Insured, as the case may be, by facsimile or e-mail is deemed received by the party to which it is addressed on the date and time shown on the facsimile or e-mail.
6. Payment received by the Program Administrator or the Insurer, as the case may be, is deemed received on the date shown on the record of receipt.

O. Transfer, Cancellation or Termination of Contracts and Policies

1. Either party may cancel this Contract at any time by providing written notification to the other party. If this occurs, the Contract shall end upon the expiration of all Policies issued pursuant to the Contract.

2. Subject to Section K (Deductions from Indemnity) and Section M (Misrepresentation or Misconduct), the Insured shall not transfer, assign or otherwise dispose of any of the Insured's rights and benefits under this Contract to any person without the prior written consent of the Insurer.

3. The Insured may cancel a Policy by providing written notification to the Insurer, on a form approved by the Insurer, with full Premium, surcharges, administration fees and other charges (including interest on overdue amounts) deemed earned and payable. This termination will be effective upon receipt of the written notification from the Insured.

4. The Insurer may cancel the Contract effective immediately and cancel any outstanding Policies and the Insured shall forfeit the right to receive any payment of Indemnity or refund of Premiums if the Insurer, in its absolute discretion, determines the Insured has:

- (i) failed or neglected to pay Premium or any portion of any Premium within the timeframe stipulated hereby,

Part II - Fed Cattle Insuring Agreement (WCPIP – Fed)

A. Definitions

For the purposes of this Insuring Agreement:

1. **Claim Date** means the date during the Claim Window that a Claim is made by the Insured or on the Insured's behalf. Since a Policy allows for partial Claims (i.e. on a portion of the total Units insured), there may be more than one Claim Date on a Policy.
2. **Claim Window** means the four-week period immediately prior to and including the Expiration Date of a Policy issued under this Contract during which the Insured is eligible to make a Claim, except as specified in the Calendar of Insurance.
3. **Fed Cattle** means bovines that are at least 500 pounds at the Effective Date, are intended by the Insured for slaughter, and must reasonably be expected to grade A or better at the time of slaughter.
4. **Fed Cattle Insured Price Index** means the price level expressed in dollars per Unit below which an Indemnity is recoverable under a Price Insurance Policy, established in accordance with the methodology as determined by the Program Administrator on behalf of the Insurer and posted to the LPI Website.
5. **Fed Cattle Price Settlement Index** means the weighted average weekly price of Fed Cattle intended for slaughter in the province of Alberta, expressed in dollars per Unit, established in accordance with the price setting methodology as determined by the Program Administrator on behalf of the Insurer and posted to the LPI Website.
6. **Hundred weight (cwt)** means one hundred pounds of live weight or live weight equivalent Fed Cattle and is the unit used to denote Insured Weight.
7. **Price Insurance Policy** means a Policy that provides the Insured protection if the Alberta Fed Cattle Price Settlement Index is less than the applicable Fed Cattle Insured Price Index during the week(s) of the Claim Date(s).

B. Insurable Livestock

1. Fed Cattle are insurable under a Policy issued under this Contract provided that the Insured:
 - (i) finishes the Fed Cattle for at least the four-week period immediately prior to the Claim Window for that Policy, and
 - (ii) feeds the Fed Cattle either within Western Canada or within a geographical locale, as may be specified by the Insurer.

C. Description of Insurance Coverage

1. The Insured Weight for a Policy and the sum of Insured Weight for all outstanding Policies shall not

exceed the weight that, in the opinion of the Insurer, could reasonably be expected given the number and age of Fed Cattle owned by the Insured.

2. The maximum allowable rate of gain that may be assumed for the purposes of estimating the Insured Weight is four pounds per day.

D. Filing a Claim

1. The Insured may file a Claim by completing and submitting it to the Program Administrator in one of the formats approved by the Program Administrator from time to time. The Claim must specify the Policy number and the number of Units of Insured Livestock that is being claimed.
2. The Insured may file a Claim only on, or after, the first day of the Claim Window as specified in the Policy and prior to the Expiration Date.
3. The Program Administrator on behalf of the Insurer will review any Policy with an Insured Weight that has not yet had a Claim made against it by the last day of the Claim Window, verify the Insured's entitlement to an Indemnity and, if applicable, calculate and pay the Indemnity. The Program Administrator on behalf of the Insurer shall calculate the Indemnity for all Insureds in this situation as if the unclaimed Insured Weight had been claimed during the final week of the Claim Window.
4. The Insured must file a Claim during Business Hours. If the Program Administrator on behalf of the Insurer receives any Claim after this time, the Program Administrator on behalf of the Insurer reserves the right to receive the Claim as if it were filed during Business Hours of the next day a Claim can be made.
5. The Insurer or the Program Administrator may at their discretion extend or suspend the Claim Window as necessary.

E. Determination of Amount of Indemnity

1. The Insured will be entitled to an Indemnity under a Price Insurance Policy if the Fed Cattle Price Settlement Index for the week of the Claim Date is less than the Fed Cattle Insured Price Index applicable for that Policy. In such event, the dollar value of the Indemnity will be equal to the Fed Cattle Insured Price Index less the Fed Cattle Price Settlement Index multiplied by the weight claimed during the week of the Claim Date.
2. The Program Administrator on behalf of the Insurer reserves the right to reassess any Claims paid in error by the Program Administrator on behalf of the Insurer and request that the Insured return any Indemnities paid in error.

Part III - Feeder Cattle Insuring Agreement (WCPIP – Feeder)

A. Definitions

For the purposes of this Insuring Agreement:

1. **Claim Date** means the date during the Claim Window that a Claim is made by the Insured or on the Insured's behalf. Since a Policy allows for partial Claims (i.e. on a portion of the total Unit insured), there may be more than one Claim Date on a Policy.
